

starter battery Q80P

80Ah; 640A

The Q-Batteries starter batteries are batteries tailored to the needs of modern vehicles such as cars, trucks, transporters, boats and many more and have brilliant starting characteristics and consistently high performance throughout the entire service life.

Thanks to SMF (Sealed Maintenance Free) technology, the car batteries are maintenance-free when it comes to refilling water.

Fields of application:

Car, transporter, truck

Advantages:

- sealed maintenance-free
- long life time
- good starting performance

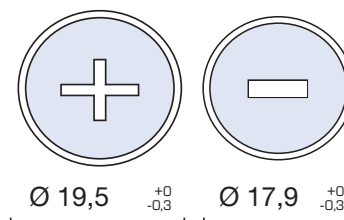

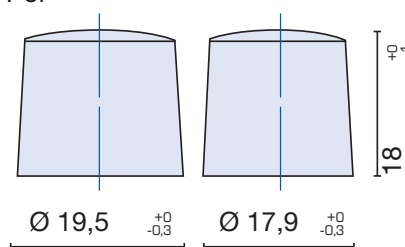

Technical features:

Voltage per Unit:	12V
Capacity:	80Ah
Cold Cranking Amps (CCA):	640A
Weight:	20kg +/- 3%
Layout:	0 (positiv pole right)
Base Hold-down:	B13

Dimensions:

315 mm length x 175 mm width x 190 mm height

A-Pol

Base hold down B13
